PRODUCT INFORMATION

The LED Flood light Beam replaces traditional normal flood lights, saving 80% on energy costs. Ideal for large areas like construction sites and billboards, it's IP65 and IK08 rated, making it waterproof, dustproof, and vandal-proof. The integrated LED lasts 50,000 hours, reducing replacement and maintenance costs. Flicker-free and efficient at 120 lumens per watt, it ensures excellent value and a short payback period.

- Replacement of halogen lamps with floodlight luminaires (up to 800 W)
- Die-cast aluminium housing for corrosion resistance and durability
- Compact design optimises weight and dimensions
- Adjustable colour temperature 3CCT (3000K/4000K/6500K)
- Tempered glass lens for excellent light transmission and increased efficiency.
